Frank Conrad, reported that he received word that the Middle School would be closed on Tuesday due to heating problems. She reported on a meeting the Engineer attended last week for Shared Services in that the County is looking into a coop to purchase municipal vehicles. As it may be an opportunity for the Township to get a better price for vehicles, she will look into it further.

She discussed private trash collection and problems some municipalities are facing by using it, Shared Services are also looking into cooperative bidding for county municipalities.

She reported that amendments to the recycling ordinance are almost complete and will have draft copies for review at a future meeting.

Curtis Corson, Deputy Mayor, reminded the public that the next meeting on April 23rd, 4:00 P.M. will be the public hearing and hopefully the final adoption of the budget.

It was also discussed that the field is located in a Center however the other tract is not and would require Land Use amendments. The Mayor discussed security of our school campuses.

ORDINANCE NO. 006-2007
RE: AN ORDINANCE ESTABLISHING CHAPTER XXV OF THE REVISED
GENERAL ORDINANCES AND THE CODE OF UPPER TOWNSHIP**

BE IT ORDAINED by the Township Committee, in the Township of Upper,
County of Cape May and State of New Jersey, as follows:

SECTION 1: The Revised General Ordinances of the Township of Upper,
also known as the Code of Upper Township shall be amended and supplemented to establish
Chapter 25 as hereinafter provided:

Chapter XXV: EMERGENCY MEDICAL SERVICES

25-1 EMERGENCY MEDICAL TRANSPORT SERVICES

SECTION 25-1.1 Emergency medical services provided:

The Township of Upper provides emergency medical services (EMS) to citizens and visitors to the Township of Upper to the extent that services are available. EMS services are provided by employees of the Township of Upper in the Upper Township Division of EMS, by volunteers through the Upper Township Rescue Squad, Inc. and by other municipalities through an interlocal services agreement where applicable.

SECTION 25-1.2 Non-emergency transport provided:

In addition to the emergency medical services as provided in 25-1.1, the Township of Upper may provide secondary non-emergency transport based on criteria established by the Upper Township Division of EMS.

SECTION 25-1.3 No denial or delay of service:

All persons needing EMS who are located within the Township of Upper shall be serviced to the extent that services are available without discrimination on any basis and without respect to residency, ability to pay, or any other factor. No person located within the Township of Upper at the time emergency services are needed shall be denied available service, when such services are available. There shall be no delay in providing available service due to EMS cost-recovery procedures.

SECTION 25-1.4 Allocation of costs:

The costs of providing available service due to EMS shall be paid by a combination of insurance payments for service to persons who have insurance coverage; direct payments from persons served for amounts not covered by insurance; revenues from service agreements with persons, agencies, and jurisdictions that rely on EMS and local residents who certify they do not have insurance coverage or other resources to pay for service.

SECTION 25-1.5 Maintenance of service records:

Personnel of the Upper Township Division of EMS shall maintain accurate records of all EMS requests for service, service calls and services provided. Said records shall include pertinent information about the general nature of the call and shall identify the complete name, mailing address, location and telephone numbers of all persons requesting and receiving EMS services.

SECTION 25-1.6 Billings for services:

The Township of Upper shall contract with a third party billing agent who shall issue a bill in the amount of Four Hundred Dollars (\$400) in each instance where EMS services or non-emergency transport are provided. Said bill shall be issued to the insurance company providing coverage for the person served, if any, or directly to the person served if insurance coverage is not available.

SECTION 25-1.7 Payment for emergency medical services:

Persons receiving bills for EMS services shall make payment in full to the Chief Financial Officer of the Township of Upper, or her designee, within 30 days, or provide proof that they have submitted a claim to their insurance carrier for payment within 30 days of receipt of the bill. These provisions shall be subject to the following:

a. Persons receiving EMS service who have health insurance to cover ambulance and emergency medical services are expected to cooperate with the Chief Financial Officer, or her designee, and other personnel as designated by the Township of Upper to secure full payment for services rendered.

b. In the event the health insurance company of a taxpayer or full-time resident of the Township of Upper does not pay the bill in full, the Township will accept such partial payment to the extent of the insured's policy limits, including deductible and co-insurance requirements, as payment in full.

c. In the event a taxpayer or year-around resident of the Township of Upper does not have health insurance, payment in full shall be required; except that, upon submission of proof in accordance with the rules and regulations established concerning the

inability to pay the full charge, a minimum payment in the amount not less than the current and customary Medicare payment for emergency medical services shall be accepted.

d. Due to time requirements for the preparation and processing of insurance claims, interest shall not be charged on EMS billings.

e. The Chief Financial Officer, or her designee, shall be responsible for receipt of all payments and the communication to the third-party billing agent for payments received. The third-party billing agent shall be responsible for accounting of payments and providing the Township with a current billing and receivable ledger. The third-party billing agent is responsible for the initial billing and two follow-up billings. Costs associated with the third-party billing agent shall be based solely on a percent of cash collections. After three attempts to collect said claim, the third party billing agent shall notify the Township and relinquish rights to that billing. The Township of Upper shall turn said delinquent accounts to a collection agency who will be compensated on a percent of cash collections of the delinquent accounts. The Township of Upper reserves the right to determine that a bill is uncollectible and written off.

CORRESPONDENCE

- 10. Dr. Steward Farrell from Richard Stockton College of NJ report on the Strathmere beaches.** Report duly received.

NEW BUSINESS

- 11. Request from Greater Tuckahoe Area Merchants Association for an ordinance change to allow Club Licenses.** Committeemen Frank Conrad abstained from participating in this matter. David Levari, president of GTAMA was present along with attorney, Alfred J. Verderose from Vineland, as well as several members from the organization. Mr. Young explained that Club Licenses go to the organization, are for non-profit groups, such as religious, fraternal, etc. for club members and their invited guests, with limitations by law of the number of guests, and are for consumption on premises only. Presently our ordinance prohibits Club Licenses and if the Committee were to decide to amend that, they should consider a number limit on the amount of licenses that can be issued. Population prohibits the issuance of a regular liquor license. One-day liquor licenses were also discussed. Mr. Levari explained that it was not difficult to obtain a one-day license for a fundraising event, however the liability insurance is very expensive. Several aspects of the law were discussed such as the club quarters 3-year requirement, membership requirements and numbers, insurance, background checks of officers, and asked if this would be just for the club or marketed for social affairs to the general public.
- Mr. Levari stated that at this time the request is to amend the ordinance, that the GTAMA will then apply to the State of New Jersey for a Club License and would then have to comply with all laws. Mr. Levari stated that the building could hold club events, rent the facility out with or without the license, or with the one-day liquor license. He discussed the insurance he presently has on the property.
- The Committee discussed the matter thoroughly and considered the number of licenses they would allow in the Township.

Motion was made by Barbara Camp, second by Curtis Corson to amend the ordinance to allow Club Licenses in the Township and place a limit on the number allowed to be issued to three. During roll call vote four Committee members voted in the affirmative, Frank Conrad abstained. Ordinance introduction was set for the next meeting.

PUBLIC COMMENT

Senator Nicholas Asselta, discussed that he attended this evenings meeting and will visit the other 22 towns he represents to see how local government operates and complimented the Committee on their efficiency. He discussed the Beesleys Point Bridge matter to get some direction from the governing body. He discussed the engineering report on the bridge that he received this afternoon and commented on the poor integrity of the bridge. Mayor Palombo commented on a phone call he received from the Press about the engineering report, of which he has not seen yet. He was asked by the Press if it was worth the \$15-\$20 million to make the bridge passable for 15 years. Mr. Palombo answered that his biggest concern in the entire process is that in the event of some kind of an emergency evacuation where we needed to move many people we would be in dire difficulty to do that. “Fortunately we have never had to experience a massive evacuation from a significant storm, however having seen what happened first hand with Katrina, and witnessing the kind of devastation they experienced; it again was the same scenario experienced in Texas with Hurricane Rita. I don’t think any of us have ever experienced an evacuation of that magnitude and one could theoretically happen here during summer months. My concern is that if we don’t have another access other than the G.S. Parkway to evacuate, we are basically isolated. We have Rt. 47 designated as an emergency evacuation route by the County, which Rutgers has already said would never work. I have real concerns that we will find ourselves with major problems if faced with an

emergency evacuation of Cape May County. When the question was posed to me today would it make sense to spend the money to replace the bridge, if that is the only opportunity to have another access besides the GSP then yes it might make sense, but I think eventually one of the bridges on the Parkway will need to be replaced because the first bridge has been here since I can remember. I think the entire infrastructure is flawed in Cape May County in getting off this peninsula. I have no problem in you facilitating any kind of opportunity to the Township but I believe we need another alternative route.” Deputy Mayor Corson discussed the difficulties in getting permitting for such a project and the reaction time in Cape May County compared with further north in the state. Senator Asselta discussed a short-term solution, one would be an emergency access that would go around Harbor Road so you could enter the northbound Parkway lane, the other southbound that would use the old Atlantic City Electric right-of-way that comes out by the Tuckahoe Inn. He asked for letters and/or resolutions in support. Deputy Mayor Corson stated that we have many resolutions that were sent regarding the bridges and general roadways in Cape May County. In addition, Mayor Palombo asked for some alternative to the interchange at Exit 20 to help move people. Senator Asselta also spoke in support of the GTAMA request for an ordinance change.

Mary May, Tuckahoe, wants the GSP Bridges as well at the Beesley’s Point Bridge rebuilt to present standards.

Kitty Negler, Marshallville, wants the Township to participate in a gypsy moth spray program, wants the Beesleys Point Bridge reopened and discussed emergency evacuation routes for Cape May County.

Motion was made by Jay Newman, second by Barbara Camp to close this portion of the meeting and go into an executive session. During roll call all five committee members voted in the affirmative.

CLOSED SESSION

18. Resolution to conduct a closed meeting pursuant to N.J.S.A. 10:4-12, from which the public shall be excluded.

Motion was made by Jay Newman, second by Barbara Camp to close this portion of the meeting and go back into open session. During roll call all five committee members voted in the affirmative.

RECONVENE PUBLIC PORTION OF MEETING

Motion by Curtis Corson, second by Jay Newman to cancel M. Greiner’s MUA permit and balance in the amount of \$45.38, for nonpayment, with no reinstatement. During roll call vote all five Committee members present voted in the affirmative.

Motion by Jay Newman, second by Curtis Corson to pay retiring employee Frances Senn 100% of her unused sick time. During roll call vote all five Committee members present voted in the affirmative.
