2100 TUCKAHOE ROAD
PETERSBURG, NJ 08270
CAPE MAY COUNTY
MINUTES FOR (TUESDAY) FEBRUARY 23, 2010**

*******BUDGET WORKSHOP MEETING –6:30 P.M.**

Mayor Palombo opened the workshop meeting with a roll call at which time all Committee members were present along with the Municipal Clerk, CFO Officer, and the Municipal Engineer. The meeting began with discussion of the Recreation Department's budget. Ms. Gabor commented that there were expenditures for equipment and capital already removed from the budget at the last workshop meeting and her next step was to review the current budget of each sporting team to determine their needs. The teams have a deadline of March 15th to turn in their required paperwork or they will not be included in this year's Recreation budget. Mr. Conrad commented that approximately \$190,000 has been cut away from Recreation's budget so far. The Mayor stated that another Emergency Budget would probably be needed later in the spring, as the final budget won't be approved until that time. This is due to restraints and dates set by the State legislature. Jay Newman asked about the fire districts and the school board as to when they would receive their appropriations. In the past it has been after the State approves its budget. Mayor Palombo said those items are not part of the budget and probably would not be held back; and that the fire districts usually receive their appropriations in April.

Brenda Layton asked if Recreation would have any capital money prior to July. Mayor Palombo responded that the matter is out of the Township's control that the State cut the money last year and could do so again for this year. Ms. Layton stated that Recreation would need funds for playground and fence repairs. It was discussed that those repairs are safety issues and should be put into the temporary budget.

William Handley was present to discuss the Beach Patrol budget. The JIF is requesting that emergency beach coverage be available this summer until approximately 8:00 PM. This is something that has not been budgeted for in the past and it was discussed whether there was enough budgeted to cover salaries for this. Mr. Handley responded that it should not present a problem that it would be a matter of scheduling four persons and using flexible schedules. This practice has become common in most beachfront towns.

It was discussed that a lifeguard boat, the soft-top rescue board, and the portable radios would be eliminated from the 2010 budget. The lifeguard stands will remain in the budget as some of the materials were already purchased. Upper Township's uniquely designed lifeguard stands won awards from neighboring towns and the design is going to be copied by them. The employees that created the design were congratulated and it was humorously suggested that the design could be patented and then sold to other beach towns as an answer to the budget as there does not appear to be much more that can be cut from the beach patrol budget.

Mr. Corson commented on the Department of Public Works budget. Salary and Wages are the main areas of concern. The cost of overtime from the winter storm cleanups must be budgeted. It has already exceeded expectations (\$100,000) and winter is not yet over. Barbara Spiegel said the last payroll had \$40,000 in overtime alone. The Public Works Department, Recreation, and EMS departments all need to have adjustments for overtime. Reallocations of salt, fuel, and repairs due to storms must also be added to the budget. The Township may be allocated funds from the State due to the declared State of Emergencies.

Mr. Dietrich briefly discussed the street-paving program.

The Public Works Department is requesting three capital purchases in 2010. One is to replace the Township Service truck for \$30,000, (it is the vehicle that goes out to make repairs to other Township vehicles). The second, which would meet safety regulations, is to replace an Open Cab Tractor Mower with a closed Cab Mower for approximately \$90,000 before trade-in or sale of

the current mower. The third item is for a radio repeater system at a cost of approximately \$10,000. Mr. Corson recommended cutting the mower from the budget.

Mr. Dietrich discussed the conversion from manual to automated trash collection. It was discussed that it could be justified because Township personnel will be retiring in the future and then not replaced. This allows the Township to cut costs while continuing to provide services. This would require bonding and cost approximately \$1,750,000. There was further discussion as to whether this was the best year to pursue this matter.

Mr. Conrad recommended that another Budget Workshop be held on Monday, March 22, 2010 at 6:30 P.M., one hour prior to the Regular meeting, which begins at 7:30 P.M.

Motion to adjourn the workshop at 7:28 p.m. by Jay Newman, second by Curtis Corson, all five Committee members voted in the affirmative.

REPORT OF GOVERNING BODY MEMBERS

Frank Conrad, Committeeman: reported that he attended the NJDOT Infrastructure meeting where the Route 50 Bridge issue may be “fast tracked”. The Beesley’s Point Bridge was also discussed at that meeting. The State originally said it would cost \$20,000,000 to repair the bridge, at the meeting there was discussion that the bridge would provide longer years of use but at an increased cost of approximately \$32,000,000. The agreement between the County and State may be renegotiated to allow for a longer term and longer lasting bridge use. Mr. Conrad

referenced a web site for this project that presents a slide show. This meeting also referenced possible changes to the GSP-Great Egg Harbor Bridges.

Mr. Conrad reported that he and Paul Dietrich attended a DOT interview regarding Form Based Code. The DOT grant will aid the Township in finding various ways of redesigning Township roadways as well as the planned downtown areas within the Township. Mr. Dietrich has scheduled a public meeting March 4th at 6p.m. planning session workshop at the Middle School. Mr. Conrad reported that Upper Township was rated 5th Best Place to Live in New Jersey by the Monthly New Jersey Magazine. This is an independent study based on various categories. The Business Association of Upper Township will have its Installation Meeting at the Tuckahoe Inn, on March 4th at 6:00 PM.

Kristine Gabor, Committeewoman: reported the second rabies clinic held on February 20th distributed 156 rabies vaccines and that she would like to investigate the possibility of having a fall rabies clinic.

She reported that the Recreation Department set a deadline of March 15 for the sports teams to turn in their financial paperwork, as per recreation bylaws. If not received the team will be cut from the budget for the following year. The Skatepark Committee is working on a way to reopen the park in Spring.

Curtis Corson, Deputy Mayor: Reported that the Public Works Department and Recreation Department worked very well together in the last two snow events. The employees did a stellar job. He made a motion to reward the Recreation and Public Works Department employees with a \$25 gift card from WaWa. Jay Newman seconded the motion with all five Committee members voting in the affirmative.

Jay Newman, Committeeman: Reported that the Townships Emergency Services were very busy and performed well during the snow events.

Richard Palombo, Mayor: Reported that the shelters were opened during the snow events. The upcoming storm is predicting severe winds and the potential of more downed trees and limbs. He also complimented the DPW and the Recreation Departments on working together and doing a commendable job on snow plowing during and after the recent storms. Mayor Palombo has one Personnel issue for closed session.

OTHER REPORTS

Wanda Gaglione, Municipal Clerk: received a request from the Diabetes Telethon Insulin Support Group to use UTTV for broadcasting a telethon on March 27th from 10:00 AM to 10:00 PM. Upper Township did participate last year and no problems were reported. Motion was made by Jay Newman, second by Frank Conrad to grant the request. During roll call vote all five Committee members voted in the affirmative.

Daniel Young, Municipal Solicitor: reported that he received correspondence from Dr. Farrell regarding the Coastal Research Center and amendments to their existing contract. Dr. Farrell indicated that Task 4 of the contract was not necessary because it overlapped with the FEMA work; and that Task 4 should be removed from the contract. In addition, the contract would be modified to include compensation to Coastal Research for the FEMA work they performed. Jay Newman made a motion to authorize those changes to the original contracted price and amend the contract to pay to Dr. Farrell for the FEMA work performed. Curtis Corson seconded the motion with all five Committee members voting in the affirmative.

Mr. Young reported on a recent appellate court decision that will change the permissible amount charged for OPRA copies effective July 1, 2010. The Township will need to amend its Ordinance regarding charges.

Mr. Young reported that he has two Personnel matters for closed session: One is a personnel union grievance matter and second are contract issues.

Mr. Young summarized the appellate courts decision on overruling the Governors restrictions on COAH. The court decision said the 90-day COAH moratorium was not within the Governor's authority. It does not affect Upper Township at this time because our plan has already been submitted.

Paul Dietrich, Township Engineer: reported that he and Rob Spiegel, the Emergency Management Director, have submitted preliminary documentation to FEMA estimating Township costs of approximately \$100,000 for the 2010 winter storms, which includes salt, equipment, fuel, and overtime. This figure is separate from December 2009 storm, which was also declared a Federal Emergency. The State estimated that the November 2009 Nor'easter will cost \$4 million to replace the sand lost in Strathmere; this does not include the State owned property.

Mr. Dietrich also reported that the NJ Department of Transportation Route 50 bridge preliminary design work should be done in April 2010 and that bidding probably won't begin until early 2012.

Mr. Dietrich reported that three employees in the Public Works Department received JIF awards by developing their idea of placing wheels on beach patrol stands. This idea has reduced potential workers compensation claims by allowing the stands to be rolled over the beach rather than lifted or dragged.

He also reported that the DPW would be picking up limbs and brush debris resulting from the storms once the snow has melted.

Barbara Spiegel, Chief Finance Officer: reported that she has one personnel/contract matter for closed session.

Adam Alpert, representative of Mid-Atlantic Multisport, was in attendance. The group is requesting to hold these two events at the Beesley's Point Beach on June 19 and July 10th, from 9:00AM – 12:00 noon. Discussion included liability, lifeguard requirements, rescue squad/police attendance, traffic control, and parking. The boat ramp and beach may need to be closed during the events and adequate notice to the public would be necessary. Paul Dietrich reported that the two drains in the street are more than 38 years old and cannot handle the extra water runoff due to the unusual weather conditions this winter. The result is seeping water behind the curbs causing flooding at Mr. Marano's property. Mr. Dietrich estimated that it would cost approximately \$20,000 to 25,000 to improve them. Mr. Marano was present and stated that his property is being flooded which causes his septic to flood. The Committee asked Mr. Dietrich to contact the County for the possible loan of their drain cleaning machinery.
